Westfields Hospital and Clinic	White	14.6%	7.0%	Average	7.4%	Average
Winona Health Services	White	9.6%	7.0%	Average	7.4%	Average

## DEFINITIONS

### RATINGS

- **Above Expected:** Medical group's rate is significantly above the Statewide Average/Race Average
- **Expected:** Medical group's rate is not significantly different than the Statewide Average/Race Average
- **Below Expected:** Medical group's rate is significantly below the Statewide Average/Race Average

### BEST PRACTICE FOR RELC DATA COLLECTION

For the quality measures, the RELC data is submitted by medical groups through MNMCM’s clinical data submission process. Please refer to the MNMCM Handbook on Collection of RELC Data in Medical Groups for more information about this data: <https://tinyurl.com/43byhcbk>.

Race, Hispanic ethnicity, preferred language, and country of origin data collection undergoes a unique validation process to ensure that medical groups collect these data elements from patients using best practices. Best practices are defined as:

1. Patients self-report their race and Hispanic ethnicity.
2. Patients have the option to select one or more categories for race (i.e., medical groups/clinics do not collect data using a multi-racial category).
3. Medical groups/clinics have the ability to capture and report more than one race as reported by the patient.

A medical group/clinic must meet all the criteria for each data element to achieve best practice status and to have their data included in the rate calculation. Only validated data collected using best practices are used to calculate rates by race, Hispanic ethnicity, preferred language, and country of origin.

### LABELING CHANGES

Certain race/ethnicity categories have undergone labeling changes for this report to be consistent with more updated and appropriate terminology. Below is a table describing how the category was submitted to MNMCM and its corresponding label change:

Submitted Label	Updated Label
American Indian or Alaska Native	Indigenous/Native
Black or African American	Black
Hispanic or Latino	Hispanic/Latinx
Not Hispanic or Latino	Not Hispanic/Latinx
