# Historical vs Incremental Files

## Historical Data (Onboarding)

- Historical data starts 1/1/2019 and ends 12/31 of the previous year of onboarding. (e.g., 1/1/2019-12/31/2023)
- Problem List: Includes those that are active on the patient record

## Incremental Data (Subsequent Submissions)

- Incremental data is based on Medical Group's preference for submitting data post-onboarding (e.g., monthly, quarterly, etc)
- Problem List: any updates from historical and other incremental data (e.g., resolved dates, new problem dx, etc)

# How are End Dates Recognized?

Incremental files build upon the previously submitted historical and incremental files
